

# THE WHOLES LE FORMULA

## Module 1 – Show and Tell

Hey guys, we're going to take a little break from teaching in this video. Instead, we're going to switch roles and let you be the teacher. That's right, today, we're going to be learning from you with a little exercise we call "Show and Tell." Don't worry, this exercise won't take you more than 10 minutes and it's actually pretty important for your progress and success.

Our TWF Alumni community is an extremely valuable resource, and that starts with each one of us. If you haven't joined our Alumni Group, go ahead and do so now. Seriously, pause this video and click the link below. Once you've joined, we have a special exercise for you, as a new student.

In this exercise, we would like to learn a little about you. Please take just a few seconds to head on over to the TWF Alumni group and make a post to:

1) Introduce yourself by telling us a little bit about you. What's your story, how's life going, for you; just general info to tell us a little more about you, and, also

2) Please share ONE of the following:

- a "gem" you've learned so far that has greatly influenced your approach to wholesale; any tidbit that has really opened your eyes to the simplicity of starting your own wholesale business.
- a goal of yours, short-term, long-term or both. This can be as simple as acquiring your first wholesale account.
- a step you've taken that has advanced your progress, no matter how small. All progress is important.

This exercise is a great way to meet students who have similar goals and experiences as yourself. The group is an awesome community full of great people. It's the perfect place for our students to network, collaborate, and support each other. Not only that, but you'll also find a wealth of resources to help you along your journey. Again, we can't stress enough how valuable this community is for your progress and success.

We love hearing from you guys and seeing what you're all about! We can't wait to meet you!
